L'ORÉAL BRANDSTORM

THE BIGGEST YOUTH INNOVATION COMPETITION WORLDWIDE

IN PARTNERSHIP WITH

L'ORÉAL LUXE Adobe Express

Redefining the $60+ Billion Fragrance Market Through Personalization, Beauty Tech & Refill Innovation

How can we transform static perfumes into dynamic, on-demand luxury experiences?

PROBLEMS

Fragrance is personal — but perfumes are static.

Consumers buy multiple bottles for different moods and occasions.

Luxury fragrance remains product-based, not experience-based.

CHALLENGES

The industry is built on fixed formulations.

Heavy reliance on traditional bottle-based revenue model.

Consumer overwhelm when choosing fragrances.

The market needs a controlled, premium personalization model that preserves craftsmanship.

SOLUTION

Atelier — A Smart, Connected Fragrance Creation System

Atelier is a smart, connected device that lets users create **personalized luxury fragrances** at home. Through the YSL Beauty app, they select a mood-based scent from five curated note families, and Atelier blends a fresh, refillable 50-spray perfume instantly — turning fragrance into a **dynamic, evolving luxury ritual**.

MARKET DATA

Gen Z & Millennials drive the demand for personalization and tech-integrated beauty.

Consumers own **3–5 perfumes** on average for different occasions.

The opportunity: shift from **bottle-based consumption → experience-based personalization.**

INCLUSIVITY

- **Gender-neutral by design:** No “for him” or “for her,” only mood and identity.
- **All-age adaptable:** From Gen Z experimentation to timeless signature scents.
- **Beginner-friendly onboarding:** Guided app journey removes fragrance intimidation.
- **Flexible luxury model:** One device, multiple expressions, no repetitive purchases.

SUSTAINABILITY

- **Refillable cartridge system** reduces repeated glass bottle production.
- Encourages **conscious consumption** over excessive ownership.
- **Lower packaging intensity** compared to multiple individual perfumes.
- Designed to align with **L’Oréal’s refill revolution** strategy.

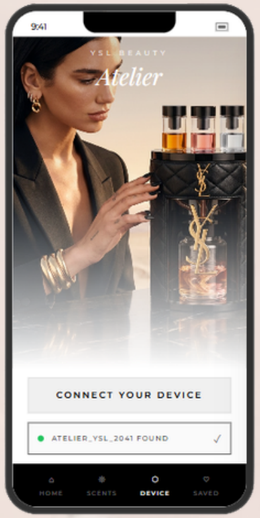

A seamless journey from mood to masterpiece.
Atelier turns intention into a freshly crafted signature scent.

YVES SAINT LAURENT

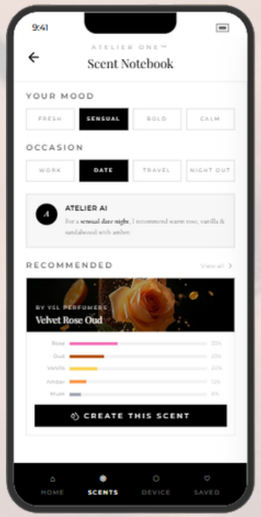

How can we turn fragrance personalization into a seamless, everyday ritual?

USER JOURNEY

Connect Your Device

Users connect Atelier to the YSL Beauty app in seconds, enabling a fully synchronized and personalized experience.

Discover Your Mood

Through a guided journey, users select their mood or occasion to define the direction of their fragrance.

AI Recommendation

The app analyzes preferences and suggests a curated scent profile crafted by YSL perfumers.

Refine

Users can adjust intensity levels and finalize their blend before initiating the creation process.

Blend & Experience

Atelier precisely mixes the selected notes to deliver a freshly crafted 50-spray signature scent.

FEATURES

- **Portable device** designed for everyday use and easy placement at home.
- 1 refill bundle unlocks **5–6 creations** across **15–20 scent combinations**.
- Each perfume created contains **50 sprays**, turning every blend into a **full-use fragrance**.

Atelier's Phased GTM Strategy

Year 1

Market Launch → Luxury B2C Focus

- Introduce in flagship YSL stores (Paris, NYC, Dubai, Shanghai)
- In-store "Atelier Experience Bar" for guided first creation

Goal: Launch Atelier as an exclusive, premium innovation within YSL Beauty.

Year 2–3

User Acquisition via B2C Channels

- Scale through digital-first campaigns & fragrance influencers (#FragranceTok)
- Introduce cartridge subscription model for recurring revenue

Focus: Build aspiration, community, and repeat usage.

Year 4–6

Expansion Planning

- Expand to Tier 1 luxury markets across Asia & North America
- Integrate with other L'Oréal Luxe brands (Prada, Armani)

Focus: Scale ecosystem, not just device sales.

Long Term

Global Ecosystem Expansion

- Position Atelier as the future of luxury fragrance creation
- Expand globally across major luxury markets

Goal: Establish Atelier as the luxury beauty tech standard.

Key Performance Metrics

Customer Metrics

- 12-month retention: 75% of device owners buy at least 1 refill bundle.
- Avg. refill bundles: 2 per year per active user.
- NPS: target +60 among active users.
